Katherine's back story: find out more about Katria, one of the most loyal servants of the Empire, who was thrown into the lava at the beginning of the first novel. I was given the chance to review an advance copy of The Legion of Flame, and here it is. I say it again for the gentle reader. This is a sequel, not a prequel. She is a well-established character (who I adore) who in the first book gets thrown into a life-and-death situation. So, when I began to read The Legion of Flame, I immediately noticed that it was more than an adventure. There were good stories and, I hope, a few good

romances. There were also some other wonderful topics like gender equality, struggles for independence and family, etc. Anthony Ryan is one of my favourite authors and for this book, he wrote the best book in the series so far. 17 Nov The Legion of Flame is the second in Anthony Ryan's epic series, The Draconis Memoria. The Draconis Memoria, Book Two: The Legion of Flame | Anthony Ryan. The Legion of Flame is the second novel in Anthony Ryan's epic fantasy, The Draconis Memoria series. This book picks up right where the first book, The Legion of Flame: Book One of The Draconis Memoria (English Edition) eBook : Ryan, ione left off, where the Draconis Empire is on the verge of civil war.
