Photoshop for Small Business Photoshop CS6 is an ideal program for small businesses. New Adobe Creative Cloud features make the program more useful to small businesses that require solutions for smaller-sized projects that are delivered on time and on budget. The CS6 program includes enhanced enhancements in all areas — including smart guides, document compatibility, and compatibility with corporate devices — that make it easier for small businesses to do their work. The update to Photoshop makes the program even more capable of handling large projects, and it also includes the latest versions

of popular Adobe programs. All these upgraded features are accessible in Photoshop and Adobe Illustrator and are included in the program in the form of Creative Cloud — a subscription service that includes access to updates, upgrades, and additions — all of which are made available automatically and automatically when you make a subscription, which is an easy and inexpensive way for businesses to get the advanced features they need. The Creative Cloud benefits in Photoshop provide convenient and seamless file access and sharing and automatic updates of all your creative assets, as well as a new workspace, panels, and workspaces that enable you to produce or perform better and faster. For small businesses, it is useful to have easy access to project management, data management, and smart cloud storage. You can work with quick access to data and files, and you can choose to save your project files in the Creative Cloud. You have instant access to your files, even though you may not have them on your computer at the moment. The Creative Cloud includes search functionality and cloud synchronization, so any changes you make in

Photoshop are automatically synchronized to Creative Cloud documents; updates to your data and documents are automatically synced with your computer, as well. 1. Choose File⇒Organize⇒Go To⇒Cloud. 2. Enter your Creative Cloud login information. 3. Click on the workspace you want to use. 4. Click on the browser icon on the top menu bar. Alternatively, just select
