Q: Using CompileFromMethod throwing "Error loading symbol" in VS2017 I am building a static library for Xamarin.iOS which also targets the Mac and Windows platforms. My project has the following configuration: Debug configuration: works fine Release configuration: I get a lot of errors of the form "FileNotFoundException - Could not resolve the symbol " " from """. The one of greatest interest to me is at the bottom which states: System.TypeLoadException - A type load exception has occurred: Error loading symbol "YourLibraryReference" of type "". As far as I can see, the problem is caused by the project being unable to correctly identify the method signatures for a function in a symbol. In the.h file the method names are defined with the "Definition" prefix, with parameters surrounded by braces and without spaces. For example, in a third-party library, the method signature looks like this: extern void NameSpace\_Definition\_MethodName\_Parameter(uint32\_t parameter1, uint32\_t parameter2, uint32\_t parameter3); In my library, the method signature looks like this: void NameSpace\_Definition\_MethodName(uint32\_t parameter1, uint32\_t parameter2,
