Okdo Document Converter Professional Crack+ [Win/Mac] [2022-Latest]

Okdo Document Converter Professional is a handy tool that was designed to help you perform quick document conversion tasks. Using the program you will be able to perform file conversions, including the following types of documents: PDF, DOC, DOCX, RTF, XLS, PPT, TXT, HTML, JPEG, BMP, GIF, TIF, EMF, PCX, PNG, and others. Okdo Document Converter Professional sports a clean and straightforward layout that lets you set up the dedicated parameters with minimum effort. The program works with the following formats: PDF, DOC, DOCX, RTF, XLS, PPT, TXT, HTML, JPEG, BMP, GIF, TIF, EMF, PCX, PNG, and others. Okdo Document Converter Professional offers support for batch processing, which means you can add multiple files to the list and process them at the same time. You can also upload individual files or add the content of an entire folder, and remove the selected items or clear the entire list with just one click. Extra tools for more flexibility Other important options worth mentioning are represented by the possibility to select the saving directory, save files in the source directory, create subfolders, as well as automatically open the target location at the end of the task. The program comes packed with several advanced features designed to give you a hand when it comes to converting each page of the PDF to a single image, resize ICO files, as well as pick the color depth for ICO files. You can also apply watermarks to your images by providing details about the text, alignment, and font settings, upload an image, as well as adjust the transparency and zooming option. During our testing we have noticed that Okdo Document Converter Professional offers very good output results, and no errors showed up throughout the entire process. It doesn't put a lot of stress on CPU and memory, so the overall system performance is not hampered. In conclusion All in all, Okdo Document Converter Professional offers a handy set of parameters for helping users perform conversion operations. File Ninja is a handy utility that was created to provide all-in-one file management solutions.
