Q: Getting Started With SlickGrid I've scoured the web for a few hours now trying to get a simple grid working with slickgrid. All I want is two columns that display the users name and id, ideally in both columns. I can get the grid to appear, but I can't get the data. SlickGrid: function getUsers() { \$.ajax({ type: "POST", contentType: "application/json", url: "@Url.Action("GetUsers","Home")", dataType: "json", success: function(json){ var items = json.results; var grid = new Slick.Grid("#users", json.rows, [{ id: "id", field: "id", width: '100', sortable: true }, { id: "name", field: "name", sortable:
