With this book, you'll learn how to use Photoshop's most popular, industry-standard tools for creating and editing images. Best of all, this book is written by the pros, so you'll get quality instruction that comes from a working filmmaker who has used Photoshop on a daily basis for the last 15 years to create professional-quality footage for television commercials, direct-to-DVD movies, and industrial videos. This book will teach you the methods for making visual changes in images while using Photoshop's most popular editing tools. You'll learn how to: * Compose images by adding, reducing, and organizing layers * Edit images through multiple layers of edits using blending, masking, and adjustment layers * Correct skin tones, to correct lighting, and to straighten common problems like crooked subjects and skewed camera angles * Correct common problems in color and exposure, and to work with layers and selection * Selecting parts of images for editing, cropping, and bleaching * Making basic color corrections and running images through multiple color correction filters * Applying light, color, and grayscale effects * Making basic Photoshop effects, and applying lens and flare filters to add drama and vignettes * Creating a movie using Photoshop's native video-editing tools Mastering Photoshop's Editing Tools, Layers, Selections, and Filters and the techniques, color correction, and other techniques taught in this book will give you the skills to edit and work with images professionally in a visual environment that is both familiar and easy to use. This book is not only for professional photographers but also for all those who shoot and edit images for a living. **Chapter 2: The Nature of Editing** Whether we're talking about film or digital photography, all editing is, in some sense, a _retrospective editing process_. This is the only kind of editing that you need to be familiar with as a photographer and is the form that most of your editing will take. The most important aspect of retrospective editing is that it involves selecting and choosing parts of the image that are different from the rest, making them transparent, and moving them to a new layer, which makes them easy to manipulate. It also involves dragging and dropping parts of the image and dragging them into a new layer. In short, when you make a decision about what to do with a subject and who it belongs to, you can do that with

This tutorial uses Photoshop Elements 2020 version 2.5.1. Please be sure that you're up to date before starting. Introduction You can download Photoshop Elements from the Adobe website here. The online edition of Photoshop Elements is free to use for non-commercial purposes. Once you've downloaded Photoshop Elements, you can either install it on your computer or print it and install it as a virtual printer on your Windows computer. You will need Photoshop Elements to create the Emoji2.png image used in this tutorial. You can create the image yourself, download it from the Internet or download it from Adobe. You can find all the resources that are used in this tutorial in the Resources section. Creating the Emoji2.png image As we don't want to use an existing image of an Emoji, we will need to create it. Download this PNG image of Emoji here. Download the PNG image of this emoji here. 1. Duplicate the PNG image by pressing Ctrl+J (Command + J on macOS). 2. Zoom in on the image, bring the canvas to black and white using the black and white palette. Press Ctrl+0 (Command + 0 on macOS) to set the white point to 0%. 3. Press Ctrl+E (Command + E on macOS) to select the Pen tool and set the width to 0.9 and the pressure to 80. 4. Move the canvas back and zoom in on the image, bring the canvas to black and white again and with the Pen tool draw a rectangle under the original image. 5. Using the Rectangle tool, delete the bottom border of the rectangle, and again bring the canvas to black and white. 6. Now add some bevels to the image using the Pen tool and set the width to 0.1 and the pressure to 20. 7. Delete the left and right border of the rectangle using the Rectangle tool and bring the canvas to black and white again. 8. Using the Pen tool set the width to 0.25 and the pressure to 30 and move the canvas to the left to add a triangle to the top of the image. 9. Add a rotation of 90° to the image, and using the Ellipse tool set the 388ed7b0c7

Denver Transit Police arrested a woman Monday after she allegedly attacked a Denver Transit Police officer in the Station House Monday morning. The incident happened around 9 a.m. in the rear of the Station House at 720 E. Colfax Ave. The assault allegedly started when the woman approached the officer and asked her if she could give her a ride. The officer, who asked not to be identified, says the woman became angry and started shouting at the officer, who managed to detain the woman after she ran away. The officer called for backup and followed the woman onto RTD property where she threatened and verbally assaulted the officer again. At some point, the officer struck the woman in the upper torso and she fell to the ground, where she continued to try and fight the officer. The officer subdued the woman and took her into custody. The officer suffered minor injuries during the incident, according to police. The 45-year-old woman was arrested for criminal trespassing, resisting arrest, assault, assault on a peace officer and larceny. She was booked in the Denver County Jail. Her bail was set at \$11,000. Fire crews and police responded to the Station House after the incident was reported. ----- Sign up for Denver7 email alerts to stay informed about breaking news and daily headlines. January 2017 Meet some of our month's special guests and see what they have to share with us. Welcome to our January edition! Meet our Special Guests for January and see what they are sharing with us! Project de Catherine, Kitty Dostal, Ingo Poliakoff, Julia Bloch, Lizzie De Luca, Patricia Jones and Amy Briant will be sharing their work with us in the... If you're getting into sewing but you've hit a wall, these two great, free pattern kits from Debbie Bliss are ideal for getting started. It doesn't matter whether you're a beginner or an advanced sewist, a technique lover or just don't know where to start, Debbie's kits are perfect for helping you on your journey. Check out the video below to learn... Hi everyone! I'm incredibly excited to be sharing my latest patterns with you. As I mentioned in my last post, The Nautical Love of a Sailor, I've been editing the patterns in my repertoire over the past few months. I am thrilled with the way they turned out and just couldn't wait to share them with you all! The first of the three... It's that time of year again, when you get to take a break from the holiday rush and get back to the crafting! With that in mind, I've pulled together a list of my favourite projects for the weekend. Where to begin? Well, maybe start with this time-lapse video of an old wooden cactus Christmas tree being put together. With just a few hours to spare.... Last month I launched a project that I was honestly nervous about. It was an online ebook filled with a collection of my over-the-top, dramatic ideas for holiday gifts. You can read more about this project here. The proof that it was a hit? I had sales every single day I posted it (some worked out to be every hour or so). In fact.... Oh my gosh, it's already the last week of December! I can't believe it's already the week after Christmas and that means another week of crazy long days and weekends are upon us. Thankfully with January comes the long weekend (a.k.a. my birthday), so I'll be spending the next month in full party mode. Not that I'm complaining.... I'm so excited to launch Project de Catherine this week! For the first
