System Requirements:

(macOS, Windows) There is no minimum operating system requirement for Touch of Luck. However, some people may experience performance issues on older operating systems, especially with multi-monitor setups. If you're experiencing issues, make sure to check the below for compatibility details. Touch of Luck is built using Unity 5.0.0. We're also utilizing Unity's new Graphics Device Manager (GDM) to improve the user experience on non-retina desktop and mobile devices by automatically scaling graphics to the device's native resolution
