More information on how HyperMotion Technology works can be found here: The in-game art team have also shared some beautiful, detailed work by internationally renowned artist, Simon Efem. He has created a variety of stunning, unique stadiums for the game, inspired by the tools at Efes Pilsen, Grasshoppers and SC Freiburg. Check out the gallery below for more of Efem's stunning stadium designs.

## **Features Key:**

- Live the golden years of 80s football. FIFA 22 goes back to the time when football was simple and fast-paced.
- Play in a series of classic venues from the 1980's such as the Camp Nou, Old Trafford, The Yankee Stadium, and Molineux.
- Rise to the top through a series of authentic leagues with teams that are more detailed and accurate than ever before.
- Career mode includes a new Player Management mechanic that lets you build your club from the very bottom of the English divisions all the way to the leagues of the European powerhouse clubs.
- HyperMotion MVPDynamic is a brand new feature that will enhance the gameplay.
- A new World Class Squads feature gives you access to a myriad of quality players across the globe. Build your teams around marquee players like Zinedine Zidane, Ronaldo, Wayne Rooney, Cesc Fabregas, David Beckham,.....
- Play Today brings back the best Ultimate Team mode and rewards have been improved. Play out today's top matches with a new feature called Scorelines.
- Easily build a collection by unlocking the Champions League packs for free for both FIFA Ultimate Team and Live, or purchase the full Champions Edition of either package.
- Welcome to the 'Golden Age of Football'.

**way you choose. Skill Creator and the Skill Drag & Drop Tool**  
**The Skill Creator takes player-first gameplay to the next level. Player characters can now create new skills by dragging and dropping a menu of simpler moves into a skill. Then adjust the speed, direction, and power for maximum performance with the Skill Drag & Drop Tool. Using the Skill Drag & Drop Tool, players now have the ability to create and adjust skills like never before. New AI Navigation: New AI Navigation FIFA 22 introduces a new AI navigation system for the way players pass and move the ball, making passes feel so much more realistic in this player-first journey. Taking things a step further, pass accuracy is now context based, so players have more options when they can predict where and how their pass will be completed. The New Season Feel Do you want a fresh start to the season, or just a change to your club? The new The New Season Feel gives you fresh seasons that give you a choice of how you'd like to play.
