This season, FIFA's most acclaimed artificial intelligence will get even better, and players will be able to push the competition to the limit using new attacking and defending mechanics to control the ball, keep possession, and juggle the most complex situations. FIFA 22 will be available on PlayStation 4, Xbox One, and PC on September 27. About EA SPORTS FIFA 17 FIFA is the worldwide leader in the sports videogame genre with top class game play, realism, and innovation. FIFA 17 brings a new story mode, smarter computer teams, Dynamic Tactics, FIFA Ultimate Team and a brand-new Player Impact Engine, all from the game play and depth we have come to know and love from FIFA. FIFA 17 is the largest development project in the history of the franchise, with hundreds of new animations, thousands of new crowds and new gameplay features including the ability to control your players throughout the world's stadiums. FIFA Ultimate Team, introduced in FIFA 16, has expanded to give players even more control over their characters in a variety of ways, including My Player - where players create their own player to play with FIFA 17, and Squad Management - a new way to construct a team from scratch. There are also new ways to build your own clubs, including a digital marketplace. About EA SPORTS FIFA EA SPORTS FIFA, the #1 sports game in the world, continues to push the boundaries of innovation to deliver the most authentic and complete football (and soccer) experience. Real Player Motion Technology, Refined Ball Physics, New Player Movement, New Kicking Mechanics, and the most advanced online capabilities showcase the genre-defining gameplay FIFA is known for today. With a next generation, social gaming platform, EA SPORTS FIFA brings together your friends, the game, and the world to create the most immersive, social football gaming experience for the next generation of players. ## **Fifa 22 Features Key:**

- A new World Class Engine that runs on improved physiological and technical algorithms based on data collected from over 2,000 real-life football players.
- Revolutionary Pro Player Motion Behaviour has been introduced for the first time in FIFA. Players run in real time based on their actual performance data, and this can result in insane tricks, flicks and movements unseen in FIFA before.
- Moves Matter, scored moves now count for increased transfer value. Even in offline mode, the biggest moves count for more points than before.
- FIFA 22 adopts camera angles and new shot perspectives, which create a more realistic football experience.
- AI improvements, multiple ball physics models, new ball kinematics, and an all-new goalkeeping system improve the gameplay experience.

- 
- All new True Player Loading System, which makes managing your football team effortless. Create signings and adjust your formation online with the touch of a button.
  - New My Team revolutionises the way you manage your team. Get it right and your players will rise to the occasion, while playing badly can see the very best in your team suffer in real time.
  - Optimised Share Play gives you greater control over the flow of the game, and a fresh approach to understanding and scheduling your team.
  - Play of The Year – POTY, introduces various new leaderboards to track your performances and achievements. Live the life of an elite athlete and see what the world's best footballers have been up to.
  - Improved Online Leagues and Playoff system. Play with friends any time you like.
  - Suspend and Resume your game lets you pause the game when you need to, then resume it as soon as you like.
  - Brand-new Real Player Motion Capture match. Live out your dreams as both a manager and a player, coming closer to the action than ever before.

Powered by Football™ and developed by EA Canada, FIFA is the world's most authentic sports experience. The most authentic football experience on consoles, PC, mobile and the web. It's the only football game where you are the player, not the manager. We combine unparalleled authenticity in every aspect of our game, from the way you feel when you play to the way you look, to the way you move on the pitch. FIFA will make you believe you're really there, as you strive for victory against a global competition of players created by more than 140 million players all around the world. Player First Powered by Football – player created content. Over 135 million players from more than 140 countries can compete in authentic competitions and challenges, right from the start. You can customise them and share their content with other FIFA players. Play FIFA the way you want to play it. Build your dream team, choose your favourite boots and gear and see how they will look on the pitch. Create your own custom stadiums, set up your own stadium tours and play against your friends in custom tournaments. Choose your Ultimate Team. As authentic as it gets. Over five million custom-made players will be in your Ultimate Team, and they're built using player ratings and attributes, as well as created content. Create & share. Share and compare your best performances online with Friends, and connect to clubs and players to organise leagues or tournaments. Experience Forwards Powered by Football. EA's daily innovations streamline the action on the pitch, turn the management of players and tactics into instant decisions and power players, and add an explosive, physics-driven addition to the game, making tackles, dribbling and passing feel truly responsive. Instant decision-making. Powered by Football. Tactical matches are made up of full matches, making them more like those you see in real life. Realistic decision-making at the touchline gives you the power to decide the flow of the match. Fully responsive, physics-driven gameplay. True to the game-style seen on the pitch. A fully responsive artificial intelligence (AI) provides a player's run of play with an intensity and responsiveness that's unmatched on any platform. Six Elements. Every aspect of the game is being driven by the same focus on authenticity that's seen across every FIFA game in the bc9d6d6daa
