New Fans Park and Stadium Experiences The FIFA Ultimate Team card collection will include a New Fans Park Experience to celebrate top domestic and international teams. Players from Brazil's Atletico Paranaense, Real Madrid, AC Milan and Tottenham will receive a new Stadium Experience. Teams from Germany's Borussia Dortmund, France's Stade de Reims and Argentina's Boca Juniors will also feature new Stadium Experiences. The popular Players Stadium Experience, which lets users design player-specific renovations for the stadiums they play in, will be updated with new stadiums for Atletico Paranaense, Liverpool, Borussia

Dortmund, Arsenal, Manchester City, Chelsea and PSG. Overall, FIFA 22 will feature new Player and Stadium cards for the first time in six years. New Player Cards and XIs New Players will be available to sign in the Ultimate Team such as Alexis Sanchez, Leroy Sané, Kalidou Koulibaly, Miralem Pjanić and others, while the top 13 players by market share will receive new Player Cards as well. Clubs will also be able to equip new players in their XI with the Move Toy Pass (MTP) button from the Create Player screen. New Players, Stadiums and Transfer Targets With the new Transfer Tactic function, rival teams will be able to set up a transfer target by pressing the “Transfer Targets” button in the Tactical Role screen. Fans can

search for potential transfer targets based on different criteria including budget, transfer history, market share, and more. Fans can also receive daily mission tasks to help them find their team's next transfer target. In addition, players can “add”/”remove” players to team XIs from rival clubs' transfer target lists. These actions can further help players improve their Team Value to boost their Team Ratings. FIFA Ultimate Team has been introducing new contents and innovations in FIFA 22, such as the introduction of the “New Asking Player” in Ultimate Team, which will be available for selection in the Player Roles screen. The newest version of the Card Editor, the “FIFA Ultimate Draft,” will allow

players to edit cards with hundreds of combinations of all 22 cards in the game, and will be available in the Title on the “Edit Card” screen.

Developer: EA Canada Agent No, EA are not removing all the servers supporting Origin (according to anything I can find anyway). Despite the fact that Origin is no longer supported by the Platform, and despite the fact that more and more people are switching to the Mac (and Steam) and Xbox

One we are still supporting our existing customer base and releasing new games for the Mac and Xbox One. Why? Well it's a good question. EA support Mac and Xbox One, we don't support Origin so we have no reason to stop supporting those users. What's more, it actually costs us money to support EA Access and the EA app store, it's not free for us to run these things. But those of us that still use Origin, are those of us that still use EA and want to remain as loyal as we can? We support you too. We're not going to give up on you, we're not going to stop supporting you. That's the kind of people we are. You want to get EA games on the Mac? Sure we can do that. You want to get EA games on Xbox One? Sure we

can do that too. The Mac has been around for ages, so the fact that it's suddenly available to EA (and for all

What's new in Fifa 22:

- **HyperMotion Technology**
- **Multiple player celebrations**
- **Artistic skill shots**
- **Test your skills as a player in Player Career Mode**
- **Live out your dreams as both a manager and a player**

Introducing "HyperMotion Technology," the next step in bringing the world's greatest football experience to life. Powered by a new engine, FIFA 22 brings gameplay advancements from the original PES as well as Onyewu's Year of the Liver in terms of new features and gameplay mechanics, including elite player animations, head movement, adrenal and facial re-texturing, extra tools to improve execution, controlled on-ball interactions, pitch-scale manager reactions, sightlines, player individuality, and more. Players choose the shots.

FIFA 22 introduces "HyperMotion Technology," which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay.

Choose the celebrations from the new 'My Player' section, where you can pick the player who scored a goal or created a brilliant chance.

Enjoy new Team Building elements such as: Create a Team Army, Rearrange and Trade cards, Training Camps, Events, Managers, assistant managers, supporters, and more.

Test your skills as a player, with a more immersive Player Career mode that gives you more ways to progress, achieve, and immerse yourself in your Pro's journey through the game.

Key Features:

- **Improved Player Analytics**
- **The Team Builder**
- **Sidebar and Spectate Mode**
- **Developed By EA Vienna**
- **Improved AI**
- **Motion Capture Technology**
