I started to use it, and to my surprise, it actually worked!!! Yeaaaaah!!:DThanks, Vladi!Edit: I found the file by accident. My Internet was down or something, and now I do not have it up. So I need to get the other file and crack it up for you and I. For this I downloaded the version for Ubuntu. Hope you still have the ability to get it and thanks again!""""Thanks again!Edit: I actually just found the full version and am uploading that to I will keep an eye on it. Edit: Ok, so I cannot upload that to the site, because of the fact that the website is password protected. I tried to get my friend to go over it and tell me what the website was. In the email I sent to him, he was confused so I explained how I found the download. He understood, and I have given him your download link. If you have any problems with that link let me know so I can reupload it. I could not understand your instructions, but my friend did. If you read this, thank you for your time!Edit: Ok, I'm back. This is a program that has a password. To get into it you must crack it with this program. It is for Windows 7.
